Title Secretary and Chief Financial Officer

Sportsman's Warehouse Holdings, Inc. Announces Fourth Quarter and Fiscal Year 2022 Financial Results

- On track to open 15 new stores during fiscal 2023
 - Jon Barker to retire as CEO and Director
- Board announces leadership succession plan and search for new CEO
- Appoints Erica Fortune as a new Independent Director of the Board

WEST JORDAN, Utah, April 12, 2023--Sportsman's Warehouse Holdings, Inc. ("Sportsman's Warehouse" or the "Company") (Nasdaq: SPWH) today announced financial results for the thirteen and fifty-two weeks ended January 28, 2023.

For the thirteen weeks ended January 28, 2023:

- Net sales were \$379.3 million, a decrease of 8.9%, compared to \$416.3 million in the fourth quarter of fiscal year 2021. The net sales decrease was primarily due to lower sales demand from consumer inflationary pressures and recession concerns, partially offset by the opening of 9 new stores over the last year. Compared to the fourth quarter of fiscal year 2019, net sales increased 46.9% from \$258.2 million.
- Same store sales decreased 12.5% during the fourth quarter of 2022, compared to the fourth quarter of 2021. Compared to the same period of 2019, same store sales increased 24.9%.
- Gross profit was \$122.8 million or 32.4% of net sales, compared to \$136.6 million or 32.8% of net sales in the comparable prior year period. The 40 basis point decrease as a percentage of net sales can be attributed to lower overall product margins due to promotional activity, partially offset by lower overall transportation and freight costs.
- Selling, general and administrative (SG&A) expenses were \$106.7 million or 28.1% of net sales, compared to \$113.4 million or 27.2% of net sales in the fourth quarter of fiscal year 2021. The decrease in absolute dollars is primarily due to lower total payroll and bonus expenses, partially offset by higher rent and depreciation expenses from the addition of 9 new stores opened during 2022.
- Net income was \$11.0 million, compared to net income of \$58.4 million in the fourth quarter of 2021. Adjusted net income was \$12.7 million compared to adjusted net income of \$22.0 million in the fourth quarter of 2021 (see "GAAP and Non-GAAP Measures").
- Adjusted EBITDA was \$28.9 million, compared to \$38.5 million in the comparable prior year period (see "GAAP and Non-GAAP Measures").
- Diluted earnings per share were \$0.29 compared to a diluted earnings per share of \$1.31 in the comparable prior year period. Adjusted diluted earnings per share were \$0.33 compared to adjusted diluted earnings per share of \$0.49 for the comparable prior year period (see "GAAP and Non-GAAP Measures").

For the fifty-two weeks ended January 28, 2023:

- Net sales were \$1,399.5 million, compared with \$1,506.1 million or a decrease of 7.1% compared to fiscal year 2021. The Company's net sales decreased primarily due to lower demand across most product categories as it anniversaried the increased demand during the first half of fiscal 2021 driven by the COVID-19 economic stimulus package and social unrest and were impacted by current year consumer inflationary pressures and recessionary concerns. These headwinds were partially offset by the Company's opening of nine new stores since January 29, 2022.
- Same store sales decreased 12.2% during fiscal year 2022 compared to fiscal year 2021. This decrease was due to lower sales in all categories. Compared to fiscal year 2019, same store sales increased 27.6%.
- The Company opened nine new stores during 2022 and ended the year with 131 total stores in operation.
- Gross profit was \$460.2 million or 32.9% of net sales, as compared to \$490.3 million or 32.6% of net sales for fiscal year 2021. This year-over-year increase of 30-basis points in gross profit margin was due to lower transportation and freight costs.
- SG&A expenses increased to \$402.2 million or 28.7% of net sales, compared with \$399.7 million or 26.5% of net sales for fiscal year 2021. This increase was primarily due to higher rent, depreciation and other SG&A expenses due to the addition of nine new stores, partially offset by lower total payroll expenses.
- Net income was \$40.5 million compared to net income of \$108.5 million in fiscal year 2021. Adjusted net income was \$43.0 million compared to adjusted net income of \$76.8 million in fiscal year 2021 (see "GAAP and Non-GAAP Measures").
- Adjusted EBITDA was \$101.6 million compared to \$136.6 million in fiscal year 2021 (see "GAAP and Non-GAAP Measures").
- Diluted earnings per share were \$1.00 for fiscal year 2022, compared to diluted earnings per share of \$2.44 last year. Adjusted diluted earnings per share were \$1.06 for fiscal year 2022 compared to adjusted diluted earnings per share of \$1.72 last year (see "GAAP and Non-GAAP Measures").

Balance sheet and capital allocation highlights as of January 28, 2023:

- The Company ended the year with net debt of \$85.1 million, comprised of \$2.4 million of cash on hand and \$87.5 million of borrowings outstanding under the Company's revolving credit facility. Inventory was \$399.1 million compared with \$386.6 million at the end of the prior year.
- Total liquidity was \$161.5 million as of the end of fiscal 2022, comprised of \$159.1 million of availability on the revolving credit facility and \$2.4 million of cash on hand.
- During the fourth quarter, the Company repurchased approximately 0.3 million shares of its common stock in the open market, returning \$2.3 million to shareholders. For the full year 2022, repurchases totaled 6.8 million shares of common stock, for a return of capital of \$64.7 million. As of the end of the fourth quarter, the Company had \$10.3 million of remaining capacity under its authorized repurchase program.

First Quarter 2023 Outlook:

For the first quarter of fiscal year 2023, net sales are expected to be in the range of \$265 million to \$270 million, anticipating that same store sales will be down 19% to 17% year-over-year. Adjusted diluted earnings per share for the first quarter are expected to be in the range of (\$0.40) to (\$0.35)

Jeff White, Chief Financial Officer of Sportsman's Warehouse said, "While we believe outdoor participation remains strong, the macroeconomic environment and inflationary pressures are weighing on the consumer and their discretionary spending. Additionally, the unusually wet and cold weather in the western U.S., where a large portion of our stores are located, is creating a later than normal start to the spring shooting, fishing and camping seasons, negatively impacting our current business."

Mr. White continued, "As we look forward, we believe we are on track to open 15 new stores during 2023, the highest number of stores we've ever opened in a single year. We remain committed to further expanding our merchandising and omni-channel strategies and capabilities, while maintaining financial discipline and rigor throughout the organization. Although we expect the first half of fiscal 2023 to be pressured, we anticipate improvements during the back half of the year."

The Company defines adjusted net income as net income plus expenses incurred relating to costs incurred for the recruitment and hiring of key members of management, expenses incurred and a one-time payment received relating to the terminated merger with the Great Outdoors Group, LLC, an accrued settlement for a closed store and recognized tax benefits, as applicable. The Company defines adjusted diluted earnings per share as adjusted net income divided by diluted weighted average shares outstanding. The Company has reconciled these non-GAAP financial measures with the most directly comparable GAAP financial measures under "GAAP and Non-GAAP Measures" in this release.

The Company believes that these non-GAAP financial measures not only provide its management with comparable financial data for internal financial analysis but also provide meaningful supplemental information to investors. Specifically, these non-GAAP financial measures allow investors to better understand the performance of the Company's business and facilitate a more meaningful comparison of its diluted earnings per share and actual results on a period-over-period basis. The Company has provided this information as a means to evaluate the results of its ongoing operations. Other companies in the Company's industry may calculate these items differently than the Company does. Each of these measures is not a measure of performance under GAAP and should not be considered as a substitute for the most directly comparable financial measures prepared in accordance with GAAP. Non-GAAP financial measures have limitations as analytical tools, and investors should not consider them in isolation or as a substitute for analysis of the Company's results as reported under GAAP.

We derive many of our forward-looking statements from our own operating budgets and forecasts, which are based upon many detailed assumptions. While we believe that our assumptions are reasonable, we caution that predicting the impact of known factors is very difficult, and we cannot anticipate all factors that could affect our actual results. The Company cannot assure investors that future developments affecting the Company will be those that it has anticipated. Actual results may differ materially from these expectations due to many factors including, but not limited to: current and future government regulations relating to the sale of firearms and ammunition, which may impact the supply and demand for the Company's products and ability to conduct its business; the Company's retail-based business model; general economic, market and other conditions and changes in consumer spending; macroeconomic factors, such as political trends, social unrest, inflationary pressures, and recessionary trends; the Company's concentration of stores in the Western United States; competition in the outdoor activities and specialty retail market; changes in consumer demands; the Company's expansion into new markets and planned growth; the impact of COVID-19 on the Company's operations; and other factors that are set forth in the Company's filings with the SEC, including under the caption "Risk Factors" in the Company's Form 10-K for the fiscal year ended January 29, 2022 which was filed with the SEC on March 30, 2022, and the Company's other public filings made with the SEC and available at www.sec.gov.
